

# SUNROCK

ROCK PHOSPHATE POWDER

18% - 20%  $P_2O_5$

FERTILIZER GRADE UNDER FCO

**Most Economical, Effective and  
Suitable Natural Phosphatic Fertilizer  
for Direct Application**

**SUNROCK** is a imported Rock Phosphate contains 18% - 20%  $P_2O_5$  and processed to 100 mesh as per FCO.

**SUNROCK** is extensively used for all plantation crops like Coffee, Rubber, Pepper, Tea, Arecanut, Ginger, Pineapple and Coconut in Western Ghats and Costal regions of Karnataka, Kerala and Goa. It is also used for Paddy and Sugarcane under water logged conditions with organic manure.

**SUNROCK** is considered as organic and is used while manufacturing various organic manures for enrichment of P nutrient. The use of rock phosphate as phosphatic fertilizer in Plantation crops is recommended by Agricultural Universities, Coffee Board, UPASI, Rubber Board and other Research Institutes.

## ADVANTAGES OF SUNROCK

**SUNROCK** : is a natural Phosphatic fertilizer which is very economic effective and suitable for plantation crops and field crops for direct application in soils.

**SUNROCK** : releases phosphorus steadily for a longer period which is desirable for plantation crops and horticultural crops.

**SUNROCK** : is highly suitable for direct application in acid soils of Western Ghat zones and Coastal regions of Karnataka, Kerala & Goa.

**SUNROCK** is an ideal “P” fertilizer to prevent fixation losses, a common phenomenon in case of water soluble phosphatic fertilizers use in acidic soils.

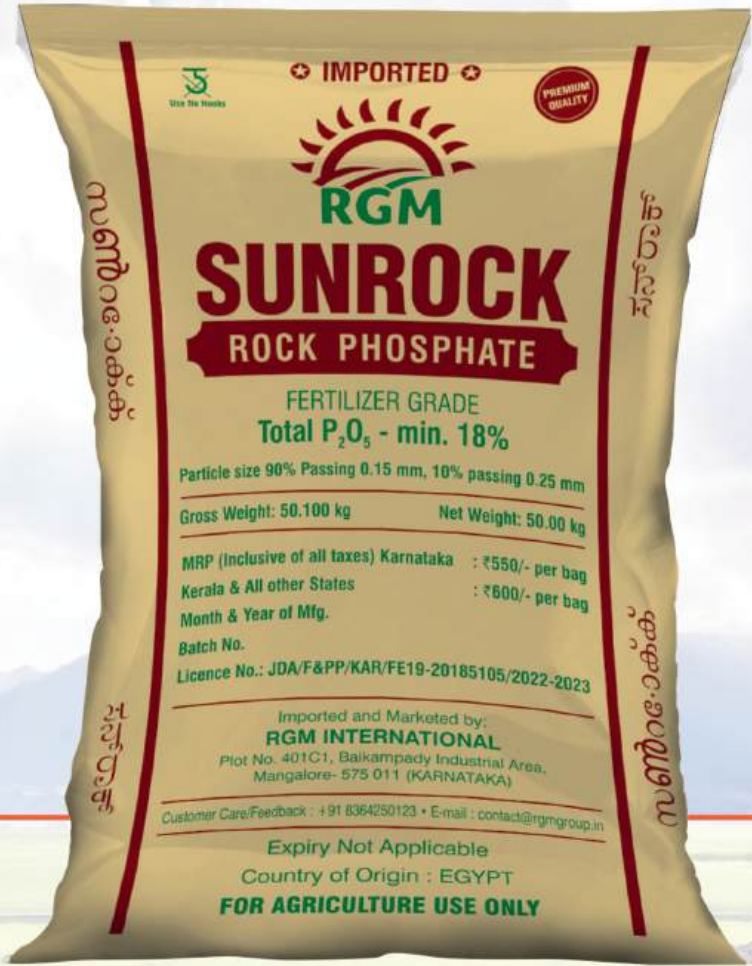

**SUNROCK** with Muriate of Potash and Urea is a cheaper NPK combination when compared to complex fertilizers.

**SUNROCK** provides Calcium (40%) which helps in reducing acidity in soil. Liming can be reduced if higher dosage of Rock Phosphate is applied (upto 300 kgs per acre) for all plantation crops.

## COMPOSITION OF SUNROCK

Phosphorous ( $P_2O_5$ )	18% - 20%
Calcium (CaO)	40%
Carbonate ( $CO_3$ )	4%
Sulphur ( $SO_3$ )	3%
Magnesium (MgO)	1%
Zinc (Zn)	250 ppm
Manganese (Mn)	20 ppm

**SUNROCK** is available in 50 kg new HDPE bags and supplied through Co-operative societies and Agro dealers.
